Kelly

I apologize for the delay in responding to your email, I was out of the office due to an unplanned absence for most of last week.

Attached for your review are DOL's initial suggestions on language additions and changes to the Puyallup Tribe's Fuel Tax Agreement necessary to include mobile re-fueling services (changes are highlighted). This draft is intended to be a starting place for our discussions. In addition to the draft language, we will be communicating with the Governor's office the Puyallup Tribes interest in this new venture, DOL's perspective that the concept is within the scope and fits the purpose of the fuel tax agreement and our desire to dialog further with the Tribe regarding changes in language to the Fuel Tax Agreement to include mobile re-fueling services.

If you have any questions on the draft language or thoughts on next steps, please contact me via email or telephone at (360) 664-1811.

Karla,

I haven't had any response to my e-mail of last week (see below). As you can see, we first posed this question on October 1, 2009, but we haven't made any real progress for over two months now. While I want to continue to be flexible and respectful of scheduling difficulties, I think MVV deserves a better response time given the need for tax certainty. Can we develop a plan that gets us to that result in the next few weeks?

Kelly
